5th Asia-Pacific NMR Symposium 要旨投稿と参加登録の締め切り間近のお知らせ

第5回 Asia-Pacific NMR Symposium (<http://apnmr2013.org>) が 10/27～10/31 の日程で Brisbane にて行われます。その要旨投稿と早割参加登録の締め切り (8/1) が近付いてまいりました。

Registration and abstract submission closes in just **2 weeks time**.
[Register and submit your abstract now! \(http://apnmr2013.org/registration-23/\)](http://apnmr2013.org/registration-23/)

Dear Colleagues,

The 5th Asia-Pacific NMR Symposium (APNMR5) will be held in conjunction with the 9th biennial meeting of the Australian & New Zealand Society for Magnetic Resonance (ANZMAG) from the 27th to 30th of October, 2013 in Brisbane, Australia.

Having problems with large or difficult proteins? Then come to APNMR5 and hear **Professor Ichio Shimada's** (<http://apnmr2013.org/plenary-speakers/ichio-shimada/>) plenary lecture on NMR methodologies for studying the structure and dynamics of large protein complexes and membrane proteins.

Then forget about your NMR problems by viewing some outstanding examples of Australian indigenous art at the nearby [Gallery of Modern Art \(GoMA, http://www.qagoma.qld.gov.au/\)](http://www.qagoma.qld.gov.au/), home of the Asia-Pacific Triennial of Contemporary Art, or take in a show at the [Queensland Performing Arts Centre \(QPAC, http://www.qpac.com.au/\)](http://www.qpac.com.au/). GoMA and QPAC are both only 5 minutes walk from the conference venue.

APNMR5 will be a forum for showcasing the exciting developments in all aspects of

magnetic resonance in the Asia-Pacific region. The conference will include sessions on solution NMR, solid-state NMR, NMR imaging, NMR theory and methods, and EPR. The meeting will include both oral and poster sessions and will provide significant opportunities for presentations by young investigators.

Please register and submit your abstract for what promises to be an outstanding scientific and social event.

Accommodation for the Meeting

APNMR5 has sourced many different accommodation providers for the conference. See (<http://apnmr2013.org/accommodation-22/>) for more details.

Aussie Dollar now more affordable

It's now more affordable to visit Australia for the APNMR5 Conference. The Australian Dollar has dropped below \$1 USD for the first time in 3 years. See a currency converter (<http://apnmr2013.org/>).

Kind regards

Glenn King and Martin Scanlon
Convenors, APNMR5
