

Guideline for Online Poster Session

- 1) Poster session will be held by using Remo
poster presenters will upload their poster PDF to their Remo table.**

What's Remo ⇒Please refer to

[How to use Remo Conference as an attendee - YouTube](#)
[Guide for First-Time Remo Attendees](#)

- 2) Poster Session Room**

There will be 7 floors and you can choose which floor you want to go by using "Floor", which is located at left side of the screen. A poster presenter will be assigned to one table (just like using poster board in the venue). The poster number is same as the floor and table number as below.

For example;

Program number **P1-2-7**

Day-**Floor in Remo**-**Poster number**

Be sure to stay at your table during the session and start your presentation for the reviewers and visitors.

- 3) Preparation of Poster**

Any size of the poster is allowed if Remo can handle it. For maximum accessibility by all attendees, we recommend making the file as small as possible. We recommend your PDF or jpg file size of 1 MB or less.

- 4) Remo poster presentation practice session open**

We open test sites for you to test Remo. Join via invitation email from Secretariat.

- 5) Onsite Schedule**

Pasting a Poster to the Whiteboard
