Confirmed speakers:

Prof. Neeraj Sinha (CBMR), Dr. Bikash Baishya (CBMR), Dr. Kaushtubh Mote (TIFR Hyderabad), Dr. Vipin Agarwal (TIFR Hyderabad), Prof. Ashutosh Kumar (IIT Bombay), Prof. T.S. Mahesh (IISER Pune), Dr. Manoj Kumar Pandey (IIT Ropar), Dr. Ashok Sekhar (IISc Bangalore), Dr. Bharathwaj Sathyamoorthy (IISER Bhopal), Dr. B. Jagadeesh (IICT Hyderabad), Prof. Senthil Kumaran (AIIMS New Delhi), Prof. P.K. Madhu (TIFR Hyderabad), Dr. Pramodh Vallurupalli (TIFR Hyderabad), Dr. G. Rajalakshmi (TIFR Hyderabad), Prof. Jun Kikuchi (Yokohama City University & RIKEN), Dr. Baljeet Singh (Kyushu University), Dr. Yusuke Nishiyama (RIKEN & JEOL), Dr. Kaoru Nomura (SUNBOR), Prof. Yoh Matsuki (Osaka University), Prof. Tomoyasu Aizawa (Hokkaido University), and more

Fee: Free

The first Indo-Japan NMR workshop was held 2018 in RIKEN, Japan, followed by the second workshop at the end of 2019 in Hyderabad, India. It was the very last opportunity to meet together in person. Now we are backing to face-to-face meeting after almost three years silence. More than 20 speakers are already confirmed to give fantastic speeches.

We are looking forward to enjoying intense discussions at Sapporo!

The details can be found from the following site:

<https://sites.google.com/view/3rd-nmr/>

Although no pre-registration is required for the workshop, those who are interested in on-line participation and/or in joining a mixer on the night Feb 27 are encouraged to send a form from the above site.

This workshop is organized by Hokkaido University with the support of the Japan Society for the Promotion of Science (JSPS) and the Department of Science and Technology (DST) of India.
