THE 12TH ASIA-PACIFIC NUCLEAR MAGNETIC RESONANCE

*Welcome to
APNMR 2027 in Seoul*

Welcome Message

It is our great pleasure to invite you to the 12th Asia-Pacific Nuclear Magnetic Resonance Conference (APNMR 2027), to be held from August 22 to 25, 2027, in Seoul, Korea.

NMR continues to reinvent itself, driven by advances in instrumentation, methodology, and computation, as well as by questions from an ever-wider range of disciplines. The program will cover the latest progress in NMR spectroscopy, imaging, instrumentation, and applications in academia and industry. We especially encourage young scientists to present their work through short talks and poster presentations.

We warmly invite you to join us in Seoul, a city where tradition and innovation sit side by side, and we look forward to welcoming you in August 2027.

Sincerely,

Jeong-Yong Suh

Conference Chair, APNMR 2027
Professor, Seoul National University

Young Ho Jeon

Conference Chair, APNMR 2027
Professor, Korea University

Scientific Topics

01 Protein Structure and Interactions	02 Protein Dynamics and Disorder	03 Protein Aggregation and Phase Separation	04 Nucleic Acids and Glycobiology
05 Small Molecules and Drug Discovery	06 Metabolomics	07 Solid-State NMR and Materials	08 Hyperpolarization and EPR
09 In-Cell and In Vivo NMR	10 Magnetic Resonance Imaging	11 Novel Methods and Instrumentation	12 Computation and AI in NMR

A promotional banner for Seoul featuring a bright blue sky with scattered white clouds. The word "SEOUL" is written in large, bold, blue capital letters, with the letter "O" replaced by a white heart shape. Below the word, the phrase "City that Captures Your Heart" is written in a blue, cursive-style font. At the bottom of the banner, there is a paragraph of text in white, and a small, stylized image of the N Seoul Tower is visible in the bottom right corner.
